- The rules for original content and authorship: your application must be drafted by your organisation. It is strictly forbidden to pay other organisations or external individuals for drafting the application on your behalf.
- The eligibility criteria: read the criteria carefully and consult the website of your National Agency to verify that your organisation is eligible for the field you have chosen (vocational education and training, school education or higher education). In particular, please note that organisations providing vocational education and training to adult learners are typically eligible in the field of vocational education and training, and not in the field of adult education. However, the exact rules will depend on the legal framework in your country. If you are not sure which field you can apply for, you should contact your National Agency for advice.

In addition to the above, you may find it useful to read the Programme Guide section about accredited mobility projects. That section describes how you will receive funding if your accreditation is approved.

Background

Mobility Consortium

In this section you should explain the planned composition and purpose of your mobility consortium.

A mobility consortium is a very flexible format. For example, your consortium can be permanently composed of the same member organisations, or the member organisations can change from year to year. This depends on your consortium's objectives and the needs of the member organisations. For example, a mobility consortium whose objective is to involve new organisations in the programme could change its composition often to bring in newcomers. On the other hand, a more stable composition is likely for a consortium dedicated to a specific thematic area, or a consortium composed of organisations pooling their resources together to manage mobility activities in an easier way.

Some essential guidance on how to set up the cooperation within your mobility consortium is explained in the Erasmus quality standards. Within that basic framework, you are allowed and encouraged to organise your consortium in a way that best fits the objectives you want to achieve. Use the questions in this section and in the rest of the application to explain what kind of mobility consortium you want to create.

Which of these descriptions best describes the purpose of your mobility consortium? If more than one description seems appropriate, please choose the one that is the most important and relevant for your mobility consortium.

- My organisation's objective is to support organisations in my field to join the programme and implement high quality activities in a coordinated way.
- Our mobility consortium is a group of organisations with similar interests and experience that want to work together in specific thematic areas.
- Our mobility consortium is a group of similar organisations that find it difficult to join the programme individually and are putting resources together to manage Erasmus

Introduction

What is an Erasmus Plan?

The Programme's Key Action 1 provides learning mobility opportunities to individuals and supports the development of education institutions and other organisations involved in lifelong learning in Europe.

The funding your organisation receives from the Programme should contribute to both of these objectives. It means that by organising mobility activities for your participants, you should also work on broader objectives of your organisation. To achieve that, in the following sections we ask you to develop an 'Erasmus Plan': a plan that links mobility activities with your organisation's needs and objectives.

Your Erasmus Plan should answer one key question: how are you going to use the Programme's Key Action 1 funding to benefit your organisation and all of its staff and learners, whether they take part in mobility activities or not.

The Erasmus Plan is composed of three parts: objectives, activities and planning for management and resources. You will also be asked to subscribe to a set of Erasmus quality standards that define a common set of guidelines for organisations taking part in the programme across Europe.

ERASMUS PLAN, ALCUNE NOZIONI DI BASE:

L'ERASMUS PLAN DEVE ESSERE UN PIANO CHE COLLEGHI LE ATTIVITA' DI MOBILITA' CON LE NECESSITA' E GLI OBIETTIVI DELLA VOSTRA ORGANIZZAZIONE.

IL PIANO ERASMUS RISPONDE AD UNA SPECIFICA DOMANDA: COME VERRANNO USATI I FONDI DELL'AZIONE CHIAVE 1 DEL PROGRAMMA, DALL'ORGANIZZAZIONE E DA TUTTO LO STAFF ED I DISCENTI, SIA SE PRENDERANNO PARTE A PROGETTI DI MOBILITA' SIA CHE NON LO FACCIANO?

E' COMPOSTO PRINCIPALMENTE DA 3 PARTI:

- 1) OBIETTIVI**
- 2) ATTIVITA' E PIANIFICAZIONE**
- 3) MANAGEMENT E RISORSE**

NELLA SCHERMATA IN BASSO (OBIETTIVO 1), VI SARA' CHIESTO DI DARE UNA DESCRIZIONE DEGLI OBIETTIVI CHE, IN FUTURO SI DESIDERERA' RAGGIUNGERE (IL TITOLO, IL TEMPO PER RAGGIUNGERLO ETC), QUALI TIPOLOGIE DI ATTIVITA' SI ANDRANNO A FARE E I QUALITY STANDARD DI CUI SI E' GIA' TRATTATO.
